"It's a win. As a conductor whenever I ask Cam Wilson to create something for my choir I know I'm going to get a score that's clever, well-crafted, imaginative, brim full with intelligence, wit (if you want it), pathos (if you want that) and pure music for music's sake and the pleasure therein. Cam writes for musicians and thereby creates a pleasure package for singers, players and listeners alike. It's a win for all."
